Tasting Notes: A sweet fragrant and fruity white wine with an intense grape flavor and sweet yet clean finish.

Food Pairings: Sweet Diamond wines have pineapple and tropical fruit flavors-perfect for a summer picnic, poolside, served with fruit, poultry, or seafood. Pairs well with cheese, desserts, Asian, Thai and Indian cuisine. Serve chilled.

Winemakers/ Viticulture Notes: Moore's Diamond is a cross between Concord and Iona. The fruit resembles Niagara with smaller berries. Diamond is one of the few white American varieties that have been used to produce a sweet or dry table wine.
